

## Blue Bachelor's Button

*Centaurea montana*

Plant Height: 12 inches

Flower Height: 18 inches

Spread: 18 inches

Sunlight: ☉

Hardiness Zone: 3a

Other Names: Mountain Bluet, Perennial Bachelor's Button

### Ornamental Features

Blue Bachelor's Button features unusual blue lacecap flowers with rose anthers at the ends of the stems from late spring to late summer. The flowers are excellent for cutting. Its narrow leaves remain grayish green in color throughout the season.

### Landscape Attributes

Blue Bachelor's Button is an herbaceous perennial with an upright spreading habit of growth. Its medium texture blends into the garden, but can always be balanced by a couple of finer or coarser plants for an effective composition.

This plant will require occasional maintenance and upkeep, and is best cleaned up in early spring before it resumes active growth for the season. It is a good choice for attracting butterflies to your yard.

Gardeners should be aware of the following characteristic(s) that may warrant special consideration;

- Self-Seeding

Blue Bachelor's Button is recommended for the following landscape applications;

- Mass Planting
- General Garden Use
- Naturalizing And Woodland Gardens

### Planting & Growing

Blue Bachelor's Button will grow to be about 12 inches tall at maturity extending to 18 inches tall with the flowers, with a spread of 18 inches. It grows at a fast rate, and under ideal conditions can be expected to live for approximately 15 years. As an herbaceous perennial, this plant will usually die back to the crown each winter, and will regrow from the base each spring. Be careful not to disturb the crown in late winter when it may not be readily seen!

---

This plant should only be grown in full sunlight. It is very adaptable to both dry and moist locations, and should do just fine under typical garden conditions. It is not particular as to soil type or pH. It is highly tolerant of urban pollution and will even thrive in inner city environments. This species is not originally from North America.
